QUOTA WILL BE RAISED TODAY

Women's Division of Red Cross Campaign Reports \$5,000 as Result of First Day.

"At closing time this evening Chattanooga's full quota in the big Red Cross drive will have been pledged," so says the general chairman, W. F. Brock. Everybody is democratic, says Mr. Brock, and everybody recognizes the fact that they have a part in the campaign. It is their privilege and pleasure to subscribe to so great a hu-man purpose as that which the Red Cross represents.

The woman's division, of which Mrs.

M. B. Ochs is chairman, rounded up \$5,000 Tuesday, the first day of the drive. "Checks were given for \$100, for \$50 and other generous sums," said a member of the group working on the east side. The result was consid-ered remarkable, for, as one of the workers expresses it, they had to spend time at some homes unnecessarily-in fact, they had been en-tertained with whole family histories at some places, and had spent the time congenially, but from simply a business standpoint, they were re-tarded. Again it afforded them time to rest. Mrs. Ochs was asked how the plored women were responding, and said very generously, especially in volunteer way, mentioning the fact that there were many instances where cooks had come forward and had, of-

fered a subscription. Another lady who canvassed a col-ored section said she very soon worked her territory, because they had no scruples about coming to the door and politely declining to subscribe. There were instances where the housewife had permitted her husband to subscribe for her, and others where the housekeeper was either not at home or not prepared, and the solicitor would have to call again. But all in all, both Mrs. Ochs and Mr. Brock have been very much pleased with the first day's campaign work of the woman's division.

The housekeepers are urged to stay at home today and be prepared to sub-scribe one-thirtieth of their monthly household expenses to the Red Cross

It is believed that even a better showing will be made by the woman's division today than Tuesday. The men's division reported the sum of \$40,738 as a result of one-half day's

canvass Tuesday.

ter is to sing there tomorrow. Our boys all look and behave well. We are proud of them, and they are fine sol-Caring for Refugees. a letter from La Baitheyre-Landes, France, Dr. Gregory said that much had happened since she wrote Paris. She explained that

fine day their doctor announced that French army wanted all the doctors and nurses to go to work in an evacuation hospital about thirty miles from the front. "At the same moment," she said, "the minister of the interior angence." interior announced that we were expected to open a hospital for the care of refugees in this region. All the arrangements were made to leave our untrained members and mechanics to do this work, but it suddenly came to me that if all the doctors went to the war zone, it would not be possible to get this place ready without an executive. The other members of the ex-ecutive committee did not seem to think this way, so I stayed. It sounds very simple and easy when written, will spare you a recital of my actual feelings and disappointment. However, here we are, and eleven little portable houses are being erected by twenty German prisoners; they are now about ready. Two hundred and fifty other houses are to be built for the housing of 2,000 refugees. We have a little group of five houses for our own quarters. We are fourteen in number. The hospital group has two wards, a dispensary, a phar-macy, an operating room and a sterilizing room, an office and waiting room, a kitchen, servants' room and store room. We are in lovely country—fine woods. Our little houses are in a sandy hollow in the middle of little grove and we will move into them the end of this week. We are about two hours from Bordeaux, far away from the noise of the big gun and the region of the airplane raids. We all had enough of that kind of thing in Paris; it grew wearisome.

"Before the Huns arrive, the fire-men go through the streets sounding the sirens on the engines. This means every one must get up. I can dress in two minutes now, in the dark We go to the cellars and wait until the bugles sound 'all nearby, I saw one from Chattanooga, Usually I get so sleepy that I Tenn., yesterday, but did not learn his crawl back to bed while the guns are name. Washing Won't Rid Head Of Dandruff

The only sure way to get rid of dandruff is to dissolve in thin y stroy it ent ely. To do this, get about four ounces of ordinary light arvon; apply it at night when retiring; use enough ... moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy eve y single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be nuffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any irugstore. It is inexpensive and never falls to do the work,
